The SRRDG & ACSRDP Annual Conference

Restorative Dentistry - A Multidisciplinary Approach

Austin Court, Birmingham
Thurs 29th & Fri 30th September 2011

Organised jointly by the SRRDG & ACSRDP committee
11 hours of verifiable CPD

www.restdent.org.uk/srrdg_meetings.html
Introduction and Welcome

Dear colleague,

It is with great pleasure that you are invited to the joint meeting and annual conference of the Specialist Registrars in Restorative Dentistry Group (SRRDG) and the Association of Consultants in Restorative Dentistry (ACSRD). This year’s event is taking place on the 29th and 30th of September in the IET Birmingham: Austin Court, which overlooks the canal network of the popular Brindley place district, offering waterside ambiance.

The theme of the conference is “Restorative Dentistry – A Multidisciplinary Approach” which will focus on restorative dentistry, its subspecialties and on multidisciplinary management of complex cases. The presentations will also focus on medic-legal issues, health care delivery management and research principles. This conference will be of great benefit to specialist registrars in Restorative Dentistry and monospeciality trainees sitting their exit examinations.

The conference spans 2 days with separate meetings for the two societies on Thursday the 29th of September, and a joint meeting on the Friday the 30th of September. The booking fee includes the full two-day programme, accommodation and attendance at the conference dinner on Thursday the 29th of September. As well as the packed educational programme there is plenty of entertainment and time for socialising. Also, on Wednesday the 28th of September, there is a golf tournament at Handsworth golf club (founded in 1895). This will be followed by an informal dinner at Pushkar, a exquisite Indian restaurant.

We hope this year’s event will once again attract consultants and specialist registrars in Restorative Dentistry as well as mono-speciality trainees to our beautiful and vibrant city for what is sure to be an unmissable event.

We would like to thank our sponsors for their ongoing support of our societies to host this event.

Places at the conference are limited so please be sure to apply soon to take advantage of our best rate and to avoid disappointment.

We look forward to seeing you in Birmingham.

Best wishes,

Karun Dewan

ATLANTIS™

We found a treasure!

Atlantis™ abutments — as individual as your patients

Images courtesy of Dr. Julian Oscario.

Are you looking for the best solution for cement-retained implant prosthetics? Atlantis™ is the answer.

By utilizing the unique Atlantis VAD™ (Virtual Abutment Design) software, the abutments are individually designed from the final tooth shape. The result is an abutment with outstanding function and aesthetics.

Atlantis offers the following advantages:

- Outstanding function and aesthetics
  - as close to natural prepped teeth as you can get
- Simple restorative procedure with reduced chairtime
  - just take an impression and send it to your dental laboratory
- Eliminates need for inventory of stock abutments
- Platform independent and available in the materials you want

Atlantis is a real treasure within implant dentistry, and we are happy to share it with you - contact 0845 450 0586 or e-mail info@atlantisabutments.com for more information.

Astra Tech, Brunel Way, Stonehouse, Glos. GL10 3SX. Tel: 0845 4500586. Fax: 01453 791001, www.astratechdental.co.uk

Golf

The annual SRRDG/ACSRD golf tournament will take place at Handsworth golf club from 12.30 on Wednesday the 28th of September. Established in 1895, Handsworth Golf Club boasts a wonderfully mature 18-hole parkland golf course and is situated only a few miles from Birmingham city centre.

With shaped, treelined fairways and gently undulating greens, Handsworth sets a delightful challenge for golfers of all abilities. The recently refurbished clubhouse has a spacious lounge and dining area with excellent views over the lake and course. Golf fee including refreshments is an additional £35 per person. Please indicate on the booking form if you wish to attend and contact Philip Murphy at Philip.Murphy@bhamcommunity.nhs.uk for reservations. Please be aware that numbers are limited for this event and that you will need to arrange your own transport if required. The club is approximately 3 miles from the Mint Hotel where the accommodation is arranged.

Pre conference dinner for Specialist Registrars

An informal dinner has been arranged at Pushkars Indian restaurant on Broad Street in the city centre around the corner from the Mint Hotel on Wednesday the 28th of September at 7.30pm. Pushkar has been elegantly created to give the guests a fresh approach to everything that is good about Indian style, food and hospitality. Attendance at the pre conference dinner is optional and there is an additional charge of £20 pounds per person to be paid on the day. Please indicate at the booking form if you wish to attend so that reservations can be confirmed.

Champagne reception and conference dinner

The conference package includes a champagne reception and dinner on the evening on the 29th September at the city café restaurant, Mint Hotel. Both are included in the cost of conference package and delegates can look forward to a fantastic evening overlooking cultural attractions while enjoying a 3-course meal, music and entertainment.
NobelActive™
A new direction in implants.

Dual function prosthetic connection.
Built-in platform shifting.
Bone-condensing property.
High initial stability, even in compromised bone situations.
Adjustable implant orientation for optimal final placement.

10 YEARS WITH TRINITÉ® SURFACE
New data confirm long-term stability.

NobelActive quality satisfies surgical and esthetic treatment goals. NobelActive Thread design progressively converges bone with each turn during insertion, which is designed to enhance initial stability and long-term success. The easy open flange design provides greater access to the implant body, allowing easier placement and precise positioning to optimize positioning of the prosthetic connection. Restorative clinicians benefit from a precise and uniform internal conical prosthetic connection with built-in platform shifting options which ensure patient-centered aesthetic results. Based on consistent results from the NobelActive platform, the product advantage for both clinicians and patients will now enjoy even greater flexibility in prosthetic and implant treatment.

DBG
Conference venue and Accommodation:

Conference venue: IET Birmingham: Austin Court

A unique listed building in the waterside location of Brindleyplace, IET Birmingham: Austin Court is the city centre venue for an event with impact. This venue offers a canal-side location in the Brindleyplace development at the centre of Birmingham’s thriving business district that is walking distance from Mint Hotel. The venue has a unique historical character – once a metal and nail merchants, this beautifully restored listed building boasts many original features.

Accommodation: Mint Hotel Birmingham

The Mint Hotel Birmingham is situated in the centre of the city close to all its shopping and cultural attractions, including the ICC, the NIA and the Symphony Hall. Mint Hotel room comes with an iMac multi-media entertainment system, free high-speed Wi-Fi, Sky television channels, conference/business facilities and superb cuisine courtesy of the award winning City Café Restaurant.

Rooms are available for both the 29th and 30th of September at Mint Hotel. There are three packages available so please tick the option on the booking form as appropriate. Please note for bookings taken after the 15th of August; own accommodation arrangements will have to be made. Details of packages available are listed on the registration form.
