ACTEON® group is a leading global provider of innovative and trusted workflows solutions for dental and medical professionals.

The ACTEON® Group is entering a new phase of its growth as a leader in the dental industry based on its technical innovations in X-ray and digital imaging, high-frequency ultrasonic technology, pharmaceuticals, and precision instruments.

Our vision is to be a leading global provider of innovative and trusted solutions that protect and restore patients' oral health in a connected dental ecosystem.

Our mission is to offer innovative solutions to enable dental professionals to perform preventative, restorative, and corrective treatments for millions of patients in a connected, efficient, effective, and economical way.

At ACTEON® everything that we do is about the patient. Our workflow solutions combine the best technologies that ACTEON® has to offer and are used to carry out simple and complex treatments every single day. We aim to help make the patients comfortable and the procedures as effective as possible.
