

## **LISTERINE® - proud partners of the BSP**

Kenvue, the makers of LISTERINE®, are proud partners of the BSP and remain committed to supporting dental professionals in their efforts to help patients achieve and maintain gum health.

### **Re-Evaluate Rinse**

#### **It is Time For An Evidence Based Recommendation**

Systematic reviews, meta-analyses, the European Federation of Periodontology S3 level clinical practice guidelines, and a recent consensus report from global experts, convened by the Spanish Society of Periodontology and Osseointegration (SEPA)\*, support the adjunctive use of antiseptic mouth rinses.<sup>1-3</sup>

By combining brushing, interdental cleaning and antiseptic mouth rinse, whole mouth health can be achieved.

Find out more about how LISTERINE® as a clinically proven daily use fluoride mouthwash can enhance mechanical plaque biofilm control. Visit [kenvuepro.com](https://kenvuepro.com).
